### MESSAGE

Its commendable that Fr. C Rodrigues Institute of Technology, Vashi, is organising the 5th Biennial International Conference on Nascent Technologies in Engineering, ICNTE 2023.

I firmly believe, this institution strives towards helping and shaping the young minds to grow and develop, progressive and innovative ideas. We need students, researchers, academicians and industrialists to come together on such platforms as ICNTE 2023, to help the nation to achieve recognition in innovative scientific and technological arena. Therefore, I would like to appreciate all the participants of ICNTE 2023.

I would also like to congratulate and extend my best wishes to the entire organising team of ICNTE 2023.

(Eknath Sambhaji Shinde)
